

# Western Public Service System

## Emergency Preparedness Exercise

For the Months of **March, April, and May 2024**

1. Second Friday of each month, Net Control will be asking for stations with backup power capabilities to check into Roll Call using no A/C grid.
2. The testing will be completely optional for stations that want to test their emergency capability
3. Net Control will be asking members to relay weak stations Net Control has trouble hearing
4. Stations on emergency power will be given signal level and audio quality feedback.
